

Dear Retailer,

I love shopping at your store, but couldn't find one of my favorite products, non-toxic remodeez odor + moisture removers, on your shelves. Please consider stocking remodeez so I can purchase them here with the rest of my items.

remodeez are non-toxic, odorless and made from activated charcoal derived from coconut husks. remodeez has products for your shoes and athletic gear, in the home, travel and for your car.

At only \$9.99, they last a year and have been very effective for my family's odor removal needs.

If you would be interested in learning how to stock their product, please contact them at [inquiries@remodeez.com](mailto:inquiries@remodeez.com) or 866-654-2397.

Thank you for your consideration.

Your customer,
